Your own space

When you live with us, your room belongs to you. It's unfurnished so you're free to style it to your own personal taste.

Make your room your own – bring your furnishings and personal belongings so Abbeyfield Mold feels like home from the very first day.

Are you an early bird, or do you like a lie in? Start your day at your own pace when you live with us: each of our rooms has an ensuite bathroom with shower and its own kitchenette, so you can be up with the lark or take your time over a leisurely breakfast.

Your kitchenette will have a worksurface, sink, and space for a fridge, kettle, microwave so you can prepare a light breakfast - and there's enough space to invite a friend to share a cup of tea and a snack, too.

We know that both nutrition and companionship are key to good health, so you'll enjoy a varied menu of delicious, balanced, freshly prepared home-made lunches and tea every day – and there's great conversation, too!

A breath of fresh air

Spend time in our peaceful garden – you can get involved in the tending the plants, or simply enjoy the peaceful patio.

Relax and rejuvenate

Our welcoming lounge is the place for a cosy chat, or to join in with activities. You're welcome to invite guests during our social hours, too, because we love to see new faces at Abbeyfield Mold.

Come and go as you please

With Mold town centre is nearby, it's easy to get out and about for shopping, socialising, worship or simply a change of scene. A traditional market town filled with rich culture and history, Mold sits along the banks of the picturesque river Alyn, just a stone's throw from the beautiful Clwydian Range and Dee Valley.

Let us take care of you

Abbeyfield House in Mold is a purpose-built 9-bedroom home that's been carefully designed to support you.

Our House Manager, and the House team are on-hand between 9am and 6pm on 7 days a week, They make sure everything runs smoothly, and help you settle in when you first arrive.

We work with professional contractors to ensure Abbeyfield Mold is always well-maintained, safe and compliant with health and safety legislation. We have a community alarm system, monitored 24 hours a day, and our fire alarm is tested regularly and remotely monitored, too.

Simple monthly fees

To make life as worry-free as possible, residents pay one convenient, all-inclusive monthly direct debit that covers rent, service charges, food, utilities and maintenance. We also take care of the council tax, TV licence fee and alarm charge.

Payments are reviewed annually, and – since we're a not-for-profit housing association – we keep our fees fair and affordable. If we make a surplus, it's reinvested into the organisation to improve the services we bring you.

If you find you need financial help to meet rental charges, Age Cymru may be able to help. You can contact them on **0300 303 44 98**, or visit www.ageuk.org.uk/cymru to find out more.

Extra support?

Autonomy and privacy are important for your independence, so we let you take care of your own laundry and keep your room clean and tidy. You'll also look after your personal care and any medications. But if you'd like support in any of these areas, we can help you make arrangements for third party providers to help out.
