# Time to enjoy older age

We pride ourselves in providing excellent end of life care and after a rigorous assessment have achieved accreditation of The Gold Standards Framework, and we are the first Abbeyfield property in the country to achieve this. This allows residents to live their life with dignity and respect, in a place they feel comfortable, and a place they can call home.

We also have a family room available on-site providing friends and family respite in their own peaceful and private space, but remaining close to their loved ones.

Meal times at Abbeyfield are also important as it's when the whole house gets together - a time to have a chat enjoying great food and great company. Our qualified chefs pride themselves on providing excellent freshly prepared food. We provide two healthy and delicious meals a day cooked and prepared at the house with plenty of choice, vegetarian options, and great portion sizes!. Meals can be tailored to dietary needs, and where possible, use locally sourced produce.

Once you see for yourself what living with Abbeyfield can bring to your life, you may well wish you had made the move years ago.
